

# A quick look at RT's autonomous system

# What is an AS?

Autonomous System Number (ASN) is a globally unique identifier that defines a group of **one or more IP prefixes** run by one or more network operators that maintain a single, clearly-defined routing policy.

<https://afrinic.net/asn>

Ex: RENATER operates AS2200 which covers 65 IP prefixes. Amongst them are the following

195.220.0.0-195.220.255.255
192.93.220.0-192.83.222.255
192.93.173.0-192.93.173.255
157.136.0.0-157.136.255.255
138.102.0.0-138.102.255.255

# Searching the RIPE NCC database

According to Wikipedia: A **regional Internet registry** (RIR) is an organization that manages the **allocation and registration of Internet number resources** within a region of the world.

There are 5 in total:

- AFRINIC (Africa)
- ARIN (North America and part of the Caribbean)
- APNIC (East, South and South-East Asia and Oceania)
- LACNIC (Caribbean and South America)
- **RIPE NCC** (Europe, **Russia**, Central and West Asia)

**RIPE Database Text Search**

This service allows searches over the full text of the RIPE Database object data.

The search is done on object text without regard for any relationships. Multiple search terms should be separated with a space.

Donald Trump has announced his candidacy for the 2024 U.S Presidential election, but it remains to be seen if he will win.

 Seth Abramson  @SethAbramson · Follow

The conventional wisdom is that Trump can't win the presidency again.

This line of thinking needs to stop.

There's no evidence the GOP has anyone who can beat Trump in a long, grueling GOP primary.

And if Moore v. Harper goes the wrong way, GOP legislators can steal elections.

 Rob Reiner  @robreiner

Just because Trump has no chance of becoming President again can not stop Merrick Garland from Indicting him for Inciting a Deadly Insurrection. The Rule of Law and the life of our Democracy depends on it.

# Vadim Loskutov

Vadim Loskutov (), born on January 31, 1980 in Russia, is a business news anchor, reporter and interviewer. This led from a job as a music presenter on Russian national TV channel in 1993, where he presented the show Muzophone which featured alternative music videos and live studio performances in collaboration with the European music channels: MTV UK, VIVA Germany and MCMFrance.

His success led to additional music video shows on the first Russian TV channel. When MTV Russia launched in 1998 he became a Video Jockey. Arguably his most popular live-program was "Muzophone", where he acted as a producer and a host.

Between 1993 and 1997, he hosted the cult music live radio series FM-Stereo, a daily show which soon became the most popular one in Radio of Russia. After it ended in 1997 he got a weekly 90 minute show European Top 20 which was not that successful. He left Radio Rossii in 1996.

His subsequent work includes presenting Propaganda show from 1999, broadcast on the Swiss radio station LoRa FM 97.5.

He also worked as compère for the first DDT Concert, a live concert recorded in Volkshaus (Zurich), Switzerland, in May 2006 due to the 15-year jubilee tour of the Russian rock band DDT. and also contributed to the as well as voiced several radio advertisements.
